For additional questions please write to:

Sigurd Sagen Vildåsen (NTNU Sustainability – FYSS)

Sigurd.vildasen@ntnu.no

Takes place at the conference hotell

The Forum for Young Scholars in Sustainability (FYSS), wants to expand our knowledge about conferences and research societies as tools for connecting and for strengthening our research skills.

Through an inspiring session we will explore the different opportunities for PhDs and early-stage researchers.

At the end, each participant will be able to present their research to a small group and get feedback on her/his content and presentation skills.
