## Action Plan 2014-2018 for the implementation of the Charter & Code (HRS4R)

Adopted by the Steering Committee in the autumn 2014, later updated in 2016. (This version was prepared in conjunction with the Internal Review in the autumn 2018)

| - Stimulate international mobility for NTNU’s academic staff (career development through participation in the global knowledge society) 
- Stimulate international mobility to NTNU (recruitment of outstanding researchers) |

1. **1. Adopt common policy for sabbatical stays abroad.** 
   
   **Timing:** 2016  
   **Unit:** HR Director  
   
   **Proposal:**  
   - a) Harmonize frequency: right to apply for sabbatical after 4 years  
   - b) Increase internationalization support grants to level of Research Council of Norway  
   - c) Long term ambition: allow up to 10 % of permanent academic staff (professors and associate professors) to take sabbatical abroad at any point in time  
   Offer central advisory services to outgoing researchers

2. **2. Develop international mobility plans for PhDs and Postdocs** 
   
   **Time:** Ongoing  
   **Unit:** PhD Programme Boards, Departments  
   
   **Proposal:**  
   - A plan for international mobility of PhD candidates should be developed in connection with their admission to the doctoral programme and for Postdocs upon commencement of position.  
   - a) 40 % of PhD candidates should have a research stay outside Norway during their PhD period.  
   - b) 30 % of Postdocs who do not have international experience should complete a research stay in an academic environment of high quality outside Norway.

3. **3. Outstanding Academic Fellows Programme (“Stjerneprogrammet”)** 
   
   **Time:** 2014-2021  
   **Unit:** Pro-Rector for Research  
   
   **Proposal:**  
   - The 4-year NTNU Outstanding Academic Fellows Programme targets young research talents at NTNU who have the potential to qualify for an internationally leading research career. The programme includes:  
   - Opportunity to concentrate on research  
   - International mentoring  
   - Long-term qualifications plans  
   - Research management support  
   - Network activities  
   - Research support of 200 000 NOK per year

4. **4. Launch new schemes for international recruitment:** 
   
   - a) International Chairs  
   - b) Onsager Fellowships (tenure track)  

   **Time:** 2015  
   **Unit:** Pro-Rector for Research  
   
   **Proposal:**  
   - a) Establish scheme for International Chairs (4 year NTNU co-funding of positions).  
   - b) Launch pilot scheme for NTNU Onsager Fellowship tenure track positions. The programme will recruit young, internationally recognized researchers, and includes mentoring and support of research activities (100 000 NOK annually for 4 years as well as a PhD position). Candidates are expected to publish extensively and be successful in seeking external funding. They are encouraged to apply for ERC grants. They must also fulfill formal pedagogical qualifications to obtain tenure at the end of the 6-7 year contract.
### Action Plan 2014-2018 for the implementation of the Charter & Code (HRS4R)

**5. NTNU's reception and practical support of international researchers should be evaluated.**

**Time:** 2015  
**Unit:** HR Director

*The programme is part of the [NTNU Research Excellence](https://www.ntnu.no/en/Research) strategy to stimulate research in the top international league.*

NTNU has since 2006 developed a central support structure for incoming researchers. **NTNU International Researcher Support (NIRS)** became a Euraxess Service Centre in 2010. NIRS initially established webpages, courses and social events for researchers. A dual career service for partners was developed (2013), as well as a housing service for international staff and guest researchers. The centre is currently expanding to provide more front line direct support starting with outgoing mobility (2018), and in the longer run also to incoming researchers (International Action Plan 2018-21).

NTNU offers Norwegian courses for permanent academic staff who must master Norwegian within three years of appointment. Courses are open to other international staff depending on capacity.

- **Stimulate recruitment and career development of female academic staff**

| 6. | Start-packages for new female professors in science and technology | 27 | Start packages for new female associate and full professors in technology and natural sciences at Departments/Research groups with less than 25% females.  
General target of Gender Action Plan: increase percentage of female professors at NTNU. |

| 13. | **Develop Recruitment Policy**<br>November 2015<br>Unit: HR Director | 13  
   |   | **Develop recruitment policy with emphasis on qualifications requirements, speed of recruitment process and international recruitment.** |
| 14. | **Develop operational plan for career development at NTNU**<br>2015<br>Unit: Pro-Rector for Research | 38  
   | **a)** | **Operationalize recommendations from Norwegian University Association Working Group chaired by NTNU’s Pro-rector for research on “Better career policy for academic staff in the university sector” (June 2015) following changes in national regulations on appointment and promotion, among others transferring promotion decisions to the institutions.**  
   | **b)** | **After the merger in 2016, priority was given to develop clear career tracks for all academic positions: A Working group chaired by Pro-Rector for Research (report May 2017) recommended to actively use both career tracks leading to:  
   - full professor  
   - senior research lecturer “dosent”  
   A third track for researchers should be considered.**  
   |   | **A working group chaired by Director for Organization (report May 2018) proposed criteria for the appointment and promotion of lecturers to research lecturers (“dosent-track”).** |
| 15. | **Postdoc Action Pilot Project (“Postdoktorløftet”)**<br>2017-2019<br>Unit: Pro-Rector for Research | 21 and 38  
   | **The 2-year Postdoc Action Pilot Project programme is a strategic effort to improve career prospects for Postdocs. Participants in the pilot programme are given extra career support over a two year period:**  
   - Appraisal interviews (career planning/internationalization)  
   - Mentor programme  
   - Networking and competence development activities |
| 16. | **Management development programme for research group leaders**<br>Pilot 2017-18<br>Unit: HR Director | 38  
   | **Pilot programme 2017-18:**  
   - 4 two-day sessions  
   - Theory and training  
   - Peer learning in basis groups  
   | **Open for 35 participants**  
   | **Programme is part of NTNU succession planning to identify and train talents for future leadership in research, education and institutional management.** |
