

## Stochastic programming with applications in energy, logistics and finance

### Topics

- Applications of stochastic optimization and robust optimization
- Modeling in energy, logistics and finance
- Multistage stochastic programming: methods and algorithms
- Risk management

Preliminary list of speakers (to be completed with 5-6 more)

Endre Bjørndal, NHH

Mette Bjørndal, NHH

Francesca Maggioni, University of Bergamo

Giorgio Consigli, University of Bergamo

Asgeir Tomasgard, NTNU

Stein-Erik Fleten NTNU

Maria-Teresa Vespucci, University of Bergamo

### Registration

Limited number of places:

A) PhD students: 380 euro

Shared double room and 3 meals per day included

B) Other participants: 660 euro

Shared double room and 3 meals per day included

Please register by sending an email to us indicating category as soon as possible to: [winter@iot.ntnu.no](mailto:winter@iot.ntnu.no)

We will then send confirmation and payment information.

Places are allocated at a first come basis.

## Location and arrival

Marking the boundary between the regions of Lombardy and Trentino, the Passo del Tonale is a natural amphitheatre linking the Val di Sole with the Valcamonica, a sunny, panoramic spot that climbs from 1884 metres above sea level up to 3100 metres, between the Ortler Alps and the Adamello-Presanella range. It offers over 100 km of downhill pistes and some 50 km of cross-country trails. The main airport used to get to Passo del Tonale is Bergamo Orio al Serio.

The best way to arrive to Passo del Tonale from the Orio al Serio Airport is by bus Orioshuttle. Tickets are available at the box Office Orioshuttle at the Orio al Serio Airport.

Another option is to book a transfer from different airports to Tonale by the following link: <http://www.flyskishuttle.com/>

## Schedule

- Arrival: Sunday January 15  
Welcome reception at 19.00 and dinner starting at 20.00. The winter school ends before lunch on January 21th.  
Lectures: January 16th -20th
- Morning session 8.15-11.15
  - Break (skiing or other activities)
  - Afternoon session 15.30-19.00
  - Dinner 20.00

## Credits

There will be in total 30 hours of lectures in the winter school. We will issue certificates verifying participation and work load of 2.5 ECTS credits.

## Organizers

- Francesca Maggioni, University of Bergamo (chair)  
Asgeir Tomasgard, NTNU (co-chair)  
Marida Bertocchi, University of Bergamo  
Giorgio Consigli, University of Bergamo  
Maria Teresa Vespucci, University of Bergamo  
Vittorio Moriggia, University of Bergamo  
Endre Bjørndal, NHH  
Mette Bjørndal, NHH  
Stein-Erik Fleten, NTNU
