

# CYBERSECURITY THREATS AND BEST PRACTICES

CYBERSECURITY WEBINAR  
OCTOBER 5, 2021  
13:00 - 14:45 CET

A race between Cybercriminals, government and corporate spies, human ignorance and simply cyber illiteracy are causing more challenges to business and economy. COVID-19 made a tremendous transmission in the market by bringing daily practices, business and domestic traditions into a new type of digital era. However, the world was not ready for the change. Today, home devices are being used for work without proper business grade security. How can we avoid the risks and more so, how do we adapt to this rapid security changes?

Let's discuss together and join us in our live webinar!
