

**SFI NORCICS and NTNU CCIS Workshop on NIS2**  
**May 9<sup>th</sup> 2025**  
**Radisson Blu Scandinavia, Holbergs gate 30, 0166 Oslo**

The workshop will address challenges of the practical implementation of the NIS2 directive by industry. Such challenges include unclear implementation requirements, supply chain security concerns, incident reporting complexities, and difficulties aligning with various security frameworks. In the workshop key provisions of the directive will be reviewed, practical strategies for compliance will be explored, and the impact of the directive on cybersecurity across industries will be discussed.

**Program:**

When	What
08:45 – 09:00	Coffee and mingling
09:00 – 09:10	Welcome <i>Sokratis Katsikas, Peggy Sandbekken</i>
