

E-newsletter #5, March 2019

Last MultiPACK demonstration sites are under commissioning!

The commissioning of the last MultiPACK demonstration sites is taking place.

ICR 2019

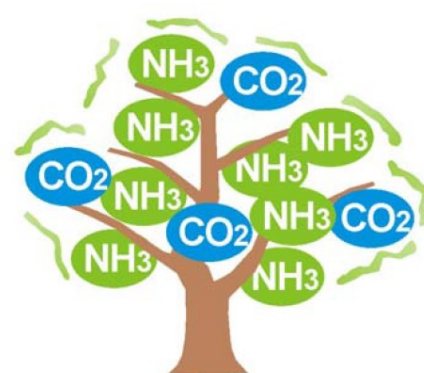

THE 25th IIR INTERNATIONAL CONGRESS OF REFRIGERATION
August 24-30 | Montréal, Québec, Canada

Meet us at the ICR 2019 in Montreal!

The MultiPACK Consortium is attending the [ICR 2019](#) taking place on 24-30 August 2019 in Montreal, Canada. The congress will focus on the current issues associated with the refrigeration sector: energy saving and energy efficiency, food supply, health, reduction of global warming and the protection of the ozone layer. Therefore, this event is perfectly aligned with MultiPACK purposes. Also, Dr. Silvia Minetto will present some results related to MultiPACK.

So do not hesitate and join us in Montreal!

8th INTERNATIONAL CONFERENCE

Ammonia and CO₂ Refrigeration Technologies

IIR Commissions: B2 with B1, D1

April 11-13, 2019, Ohrid, Republic of Macedonia

Meet us at the 8th International Conference on Ammonia and CO₂ Refrigeration Technologies!

The MultiPACK Consortium is attending the [8th International Conference on Ammonia and CO₂ Refrigeration Technologies](#) taking place on 11-13 April 2019 in Ohrid, Republic of Macedonia. The topics of the conference are: design of modern ammonia and new CO₂ systems and technological innovations, improving energy efficiency, various applications, technical guidelines and safety regulations. It is very clear: by using more ammonia and CO₂ refrigerants, we are employing environmentally friendly technologies. Therefore, this event is perfectly aligned with MultiPACK purposes. Also, Prof. Armin Hafner will present some possible innovations on CO₂ refrigeration technology, including the ones related to MultiPACK.

So do not hesitate and join us in Ohrid!

REFRIGERA 2019

20-22 FEBRUARY 2019 - PIACENZA EXPO - ITALY
THE INDUSTRIAL AND COMMERCIAL REFRIGERATION INDUSTRY SHOW

Attendance at REFRIGERA 2019

The MultiPACK Consortium attended [REFRIGERA 2019](#) on 20-22 February 2019. REFRIGERA has been the only event in the Mediterranean area dedicated exclusively to the entire supply chain of the industrial, commercial and logistics refrigeration sectors . It represented the topics, contents and excellences of a leading market both nationally and internationally and offered the chance to meet the most important suppliers of technology, machinery components and services for professionals. The event experienced 7120 attendances (from 37 different countries) and 187 exhibitors (from 10 different countries). Taking into account the wide audience gathered by this event, Enex along with CNR presented and advertised a MultiPACK HVAC unit in the attempt to find the missing demo site. Also, CNR presented the first results associated with the MultiPACK unit installed in Rome.

SHECCOBASE HOSTS "ZERO NET ENERGY SUPERMARKETS: TOWARDS A SUSTAINABLE FUTURE" WEBINAR

22 February, 3 pm (CET):

Zero net energy supermarkets:
towards a sustainable future

Danfoss A/S, NTNU and SINTEF Energy Research provided the latest updates to help retailers to move towards zero net energy supermarkets through the webinar [“Zero net energy supermarkets: towards a sustainable future”](#). Also, the participants was be able to hear about the success stories, such as MultiPACK, shared by a panel of experts in the heating and cooling sector. Attendees had the opportunity to ask questions and provide feedback to the experts around the table.
