

Gemini Autumn School on Quantum Computation

16-18 November 2022, Oslo

Lecturers

Ryan LaRose (Michigan State University)
Quantum computing and quantum algorithms

Jens Eisert (Free University Berlin)
*Verification and benchmarking
of quantum computers*

Graeme Smith (UColorado at Boulder)
Quantum Shannon theory

Ben Brown (IBM Quantum)
Quantum error correction

Registration deadline: **16 October 2022**

Limited support for travel and accommodation available

Organizers: Jeroen Danon (NTNU), Franz G. Fuchs (SINTEF/UiO), Morten Hjorth-Jensen (UiO/MSU),
Alexander Müller-Hermes (UiO), Sergey Neshveyev (UiO)
