

WHY INVEST IN CCS?

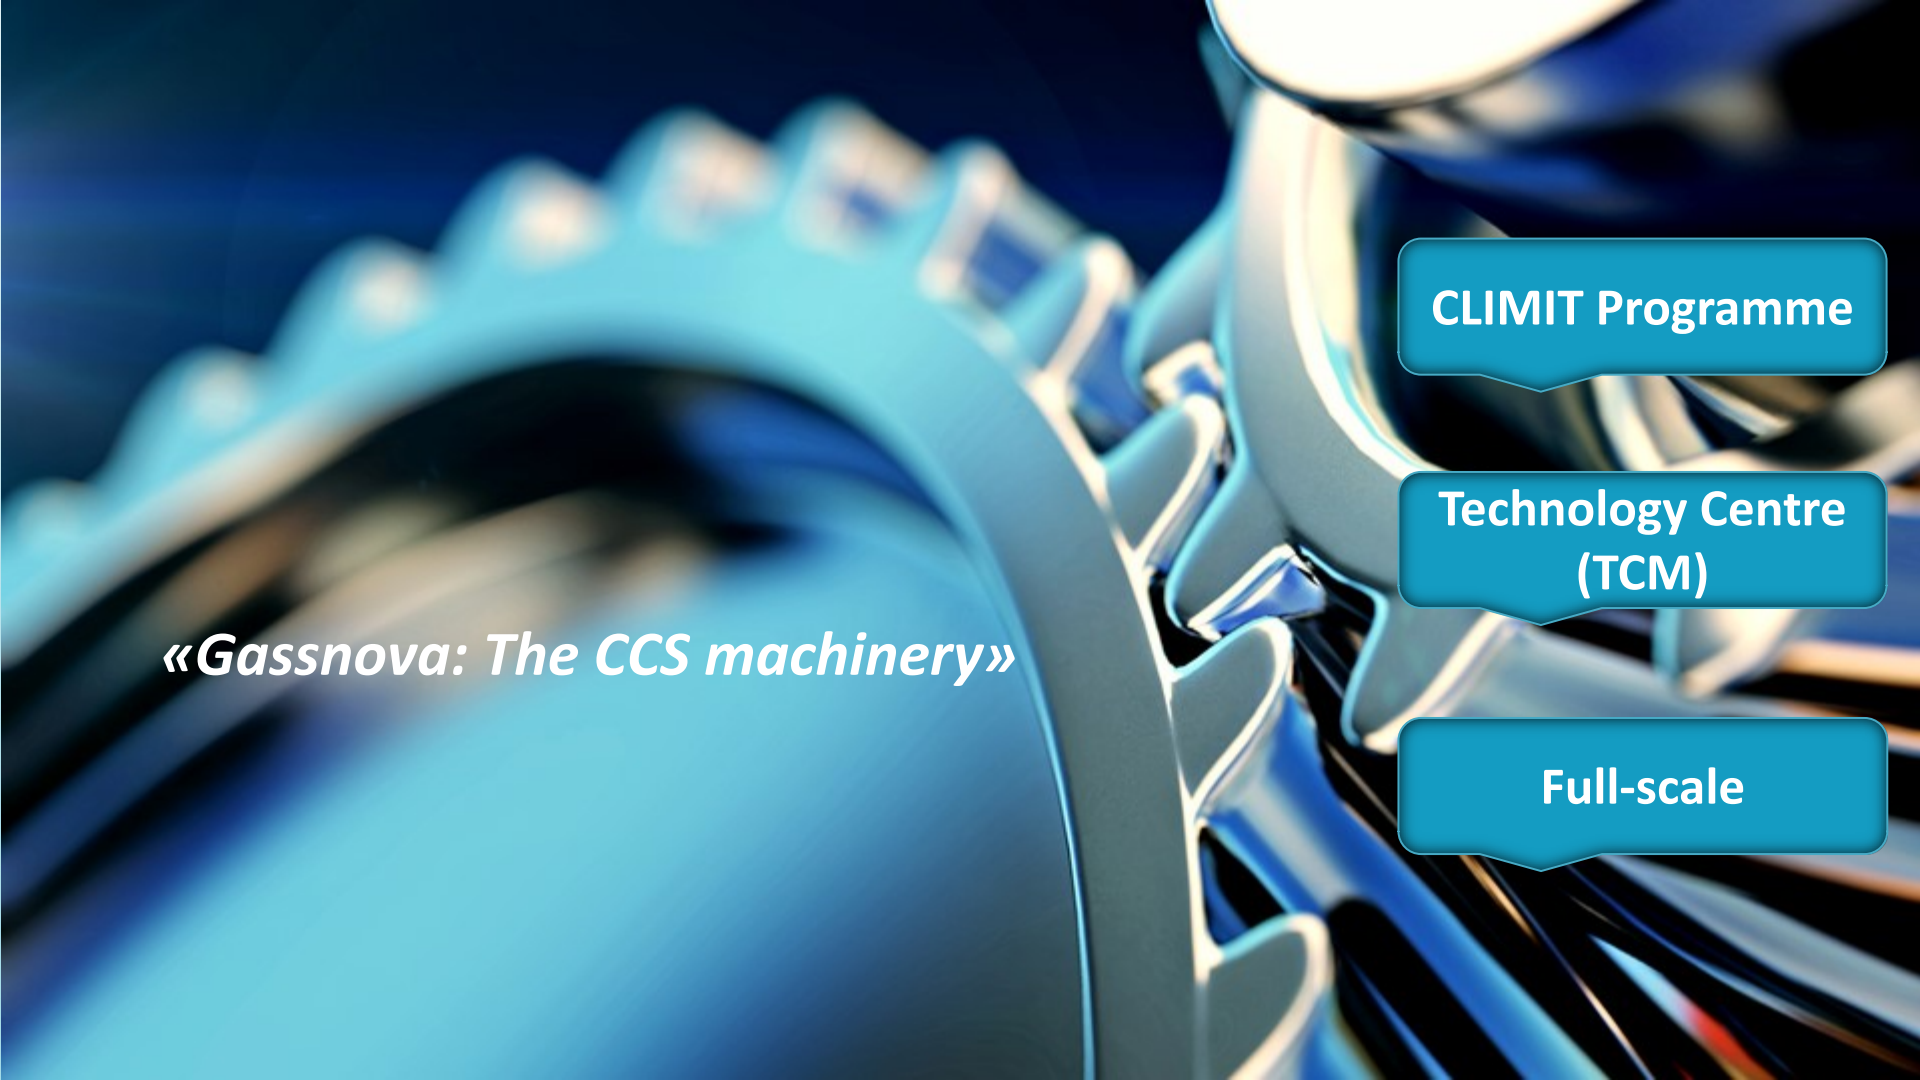

GASSNOVA

TRUDE SUNDSET, CEO

«Follow the money»

CLIMIT Programme

Technology Centre
(TCM)

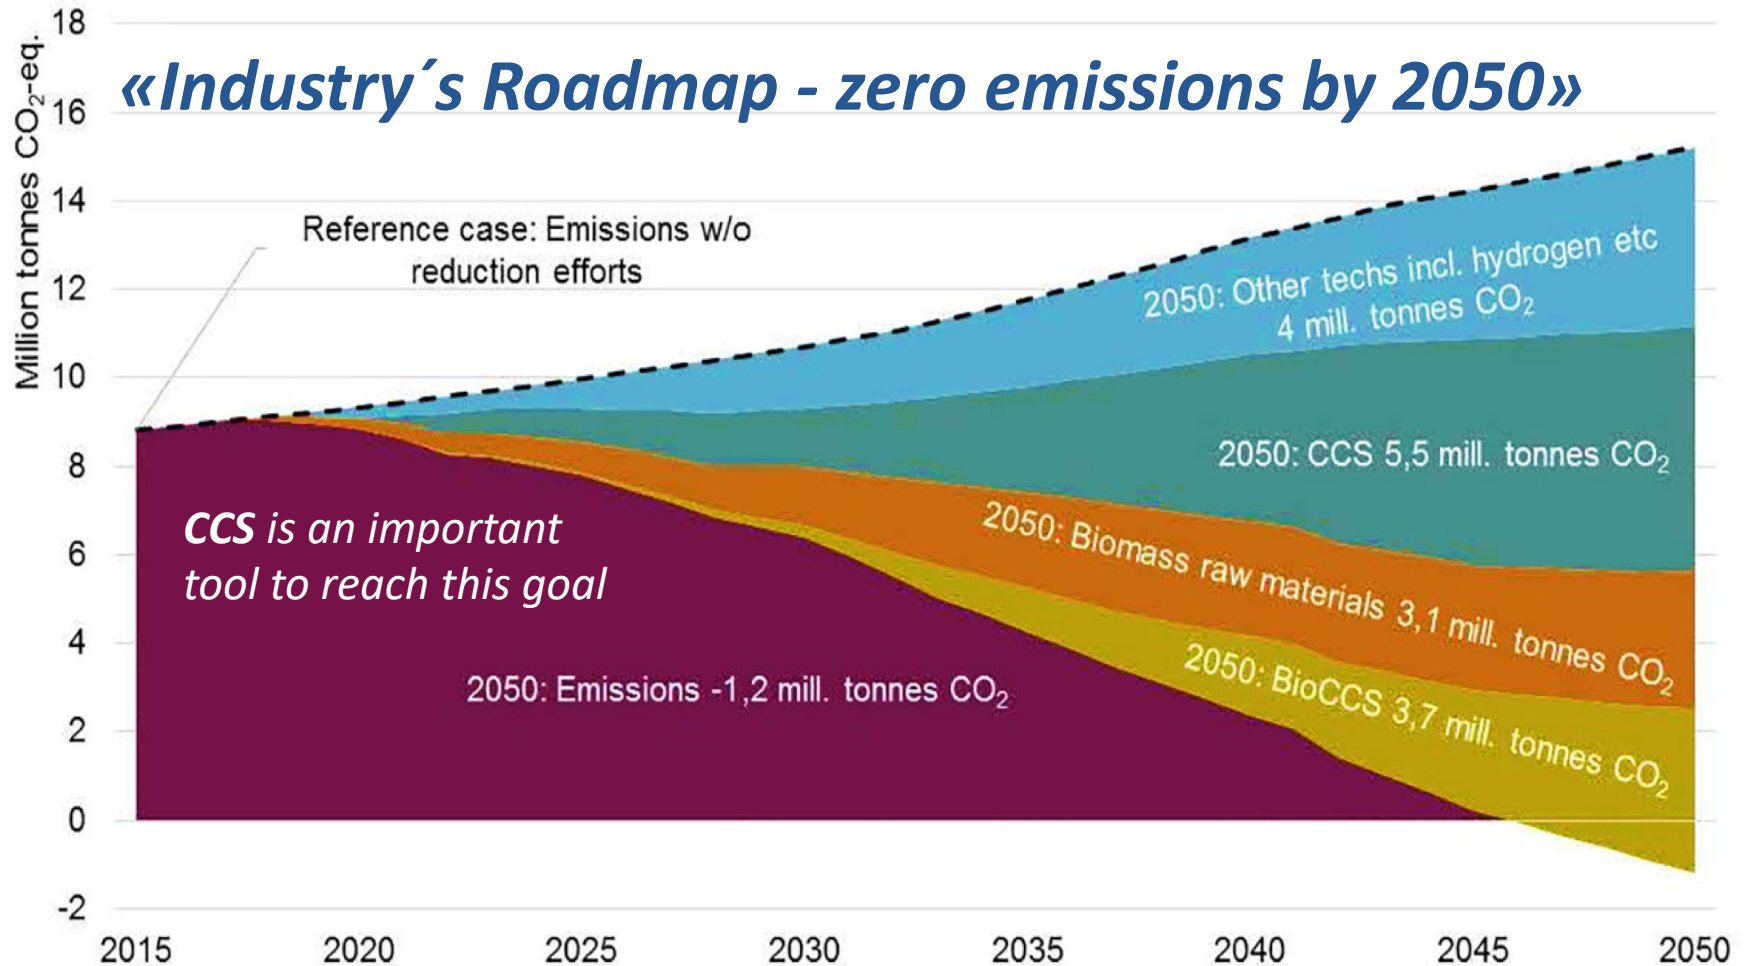

Full-scale

«*Gassnova: The CCS machinery*»

*«One quarter of the
global emissions»*

«Industry's Roadmap - zero emissions by 2050»

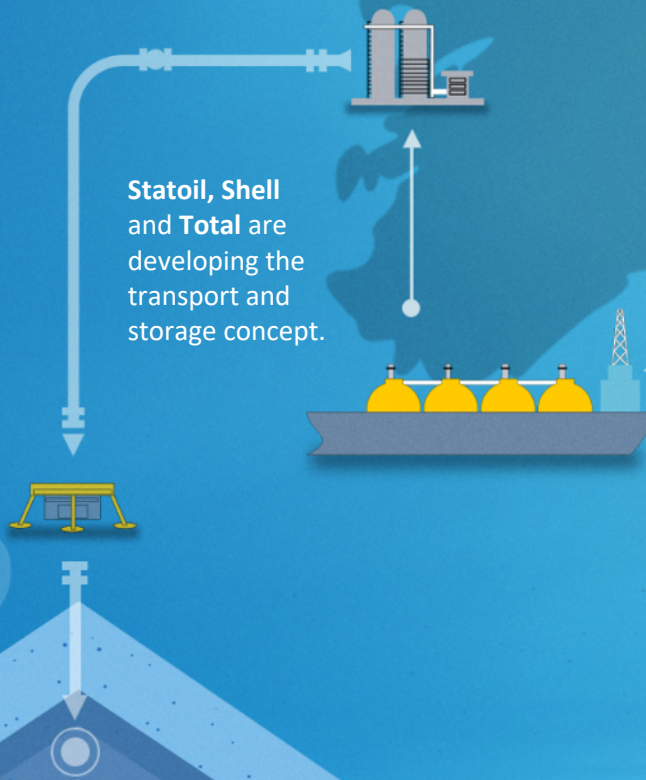

A woman in a high-visibility yellow jacket, white hard hat, and blue earmuffs stands on a white wind turbine structure, looking out over the ocean. In the background, an offshore oil rig is visible against a sunset sky. The text «Sleipner since 1996» is overlaid on the image.

«Sleipner since 1996»

«Integrated value chain»

Statoil, Shell and Total are developing the transport and storage concept.

Norcem HeidelbergCement
Cement plant

Yara Porsgrunn
Ammonia plant

Fortum Oslo Varme AS
Waste-to-energy plant

«Value of the Norwegian CCS project»

Mitigate climate change

Facilitate business development

Cost reductions for future projects

Demonstrate CCS

«Golden opportunity»

«CCS for the people»

Energy efficiency

Renewable

CCS
