I møtet med andre mennesker danner vi oss raskest et bilde av hvem de er. Hvordan formes dette bildet? Dersom du ikke kjenner vedkommendes historie, ser du da et individ eller en stereotyp?

## Årets Olsokdager ble en høyaktuell festival

I år ble Stiklestad hevet fra «bare» å være en trivelig midnorsk festival, til også å være et forum for meningsutveksling om viktige tema i vår tid.

### YOUR LIFE AMBITION - What Happened??

The comic strip is divided into three panels. The first panel shows a man in a graduation cap and gown, shouting "WORLD, HERE I COME!". The second panel is a line graph titled "Ambition" with a y-axis and an x-axis labeled "1st Year" through "5th Year". The graph shows a steep decline in ambition from year 1 to year 3, followed by a slight rise and then a plateau. Key events are marked on the graph: "Win Nobel Prize" at the start, "Revolutionize your field" at the end of year 1, "Get a job at a top University" at the end of year 2, "Get a job" at the end of year 3, "Attend that Conference in PoDunk, MN" at the end of year 4, and "Hope they have Pepperoni Pizza" at the end of year 5. The third panel shows the man at a computer, shouting "HAPPY HOUR, HERE I COME!". The signature "JORGE CHAM © 2008" is on the right side, and "WWW.PHDCOMICS.COM" is at the bottom.
