Project name: _____

Project owner: _____

User information

Name: _____

Position: _____

Department: _____

Organization: _____

Postal address: _____

Institutional email: _____

Personal mobile: _____

Please list the users personal phone as we use this number to communicate part of the account information.

As a Project user of HUNT Cloud,

I understand that HUNT Cloud is a collaborative computing platform where mutually trusted people work together in a single project with a common goal.

I understand that I may get knowledge of confidential information that shall be treated as sensitive, and that I have a responsibility to protect this information, including my user credentials, from disclosure.

I am familiar with relevant laws and regulations that deals with confidentiality and information

security in Norway, such as Section 17 and 21 of the *Health Registry Act* (Helseregisterloven) and Section 21 of the *Health Personnel Act* (Helsepersonelloven).

I confirm that the Project owner has made me aware of the guidelines for security and confidentiality as agreed in the *Project Agreement for HUNT Cloud*, and that I oblige to follow these instructions.

I am aware that willful or negligent breach of confidentiality, or assisting to this, can cause criminal liability, and that this confidentiality also applies after the engagement in this project is closed.

I will immediately report any indication of compromised user credentials or data breach to the Project owner which will forward this information to HUNT Cloud.

If I ever feel pressured to use the information to which I have obtained access in a way that violate this agreement, I will immediately report this to the Project owner or HUNT Cloud (cloud@hunt.ntnu.no). I am aware that I may use a lawyer as my intermediate if I wish to remain anonymous.

As a Project owner of HUNT Cloud,

I confirm that the user is part of the project given in the *Project Agreement for HUNT Cloud*.

I confirm that the user is made aware of the guidelines for use given the *Project Agreement for HUNT Cloud* and relevant laws and regulation that deal with information security and confidentiality in Norway, such as Section 17 and 21 of the *Health Registry Act* (Helseregisterloven) and Section 21 of the *Health Personnel Act* (Helsepersonelloven).
