EASE 2020

The International Conference on Evaluation and Assessment in Software Engineering (EASE) is an internationally leading venue for academics and practitioners to present and discuss their research on evidence-based software engineering, and its implications for software practice. The 24th edition of EASE will take place from 15-17 April 2020 in Trondheim, Norway, hosted by the Norwegian University of Science and Technology (NTNU). EASE 2020 welcomes high-quality submissions, describing original and unpublished research, as regular papers, short papers, industry papers, workshop papers, tutorials, and emerging results and vision papers. It also looks forward to contributions to the doctoral symposium and the poster track.

Topics of interest

- Experiments and quasi-experiments
- Replications of empirical studies
- Case studies
- Action research
- Experience reports
- Survey research
- Field studies
- Ethnography
- Observational studies
- Systematic reviews
- Mapping studies
- Meta-analyses
- Methodological issues and practices
- Grounded theory
- Tools to support research and evaluation

Submission

Submitted papers must be written in English, should not have been submitted for review or published elsewhere, must conform to the ACM SIG Proceedings template, and will be accepted via Easy Chair. Accepted papers will be published in the conference proceedings in the ACM digital library.

EASE is Ranked as "A" in the ERA/CORE Rankings of Worldwide Journals and Conferences.
