

NISK 2021 Call for Papers

The 14th Norwegian Information Security Conference

Trondheim, 29 Nov - 1 Dec, 2021

The 14th annual Norwegian Information Security Conference, NISK 2021, will take place at NTNU, Trondheim, Monday 29 Nov - Wednesday 1 Dec, co-located with the NIKT conferences. The venue is Campus Gløshaugen, Trondheim.

The aim of the NISK conference series is to be the principal annual research venue in Norway for presenting and discussing developments in the field of ICT security and privacy.

We seek to bring together people from universities, industry, and public authorities. We invite both national and international contributions by researchers, practitioners, and PhD- and Master thesis students presenting new problems and solutions within topics on ICT security.

Acceptable topics are sought in all areas of ICT-related information security problems, both theoretical, experimental, and best practice. Three contribution categories are available:

Regular papers on research and development results (up to 16 pages).

Short papers extended abstracts, short reports, or position papers (up to 4 pages).

Posters/demos Displays and announcements from projects, initiatives, developments.

All papers must be original and not simultaneously submitted to another conference or journal. Text can be written in English or Norwegian, and the final papers must be formatted using the Springer LNCS L^AT_EX2e -template¹. Proposals for posters and demos can be a short description. The submissions must be in PDF format, at the conference site on easychair.org.

The submitted papers will be evaluated through a double-blind reviewing process, with the easychair registered identities of the authors withheld from the reviewers. The authors are themselves responsible for the anonymity of their submitted paper content. At least 3 reviewers on regular papers, 2 reviewers on short papers, and the program chairs will review and select posters/demos.

PC members can submit contributions to the conference. Conference presentation by at least one registered author is a necessary condition for publication. The accepted and presented papers will be collected and published in the open access NIKT journal publication (level 1). The authors retain the copyrights to the published article except for this publication. Several NISK proceedings of recent years can be found at the NIKT web pages.

Important deadlines

Sep. 8	Regular and short papers submission.
Oct. 8	Author notification.
Oct. 15	Conference registration
Nov. 1	Posters/Demos submission.
Nov. 10	Final papers submission.

Program Committee

Stig F. Mjølunes, NTNU (chair)
Ruxandra F. Olimid, Univ Bucharest
Martin Strand, FFI
Martin Gilje Jaatun, Sintef
Christian Tellefsen, Thales as
Slobodan Petrovic, NTNU
Valtteri Niemi, Univ Helsinki
Pavel Gladyshev, Univ College Dublin
Øyvind Ytrehus, UiB
Geir Kjøien, USN
Håkon Jakobsen, UiO
Audun Jøsang, UiO

Anamaria Costache, NTNU (co-chair)
Ravi Borgaonkar, UiS
Patrick Bours, NTNU
Christoph Busch, Hochschule Darmstadt
Sondre Rønjom, NSM
Svein Willassen, Confrere as
Tor Hellesteth, UiB
Hanno Langweg, HTWG Konstanz Univ.
Martin Eian, Mnemonic as
Anders Andersen, UiT
Nils Nordbotten, Thales as
