22nd EUROPEAN CONFERENCE ON COMPOSITE MATERIALS

FOR ACADEMIA & INDUSTRY

Sponsors leaflet

ECCM22 Presentation

- The 22nd European Conference on Composite Materials ([ECCM22](#)) will be held for the first time in Norway - hosted in the vibrant heart of Oslo, during 21-25 June, 2026.
- [ECCM22](#) is organized by the Laboratory of Advanced & Sustainable Engineering Materials (ASEMlab) at the Norwegian University of Science & Technology (NTNU), under the patronage of the European Society of Composite Materials (ESCM).
- The 2026 edition will spotlight sustainability, disruptive technologies, and emerging applications in sectors such as aerospace, automotive, energy, maritime, infrastructure, and sports. Both established and frontier topics will be featured, with key themes including green and sustainable materials, recycling and repair technologies, advanced modelling and composite mechanics, digital innovations and AI-assisted technologies, process monitoring and quality control, innovative characterization methods, functional materials, novel sensors, etc.
- [ECCM22](#) is renowned for its dynamic networking environment, and this edition will make full use of Oslo's role as a Scandinavian hub for materials research and innovation.
- Attendees will connect with world-leading researchers, scientists, and industry professionals - from composites experts to emerging talents- sharing the latest advances in composite materials and structures. The conference will be held in state-of-the-art facilities, all within walking distance of top hotels, restaurants, and attractions in central Oslo.

Tentative programme

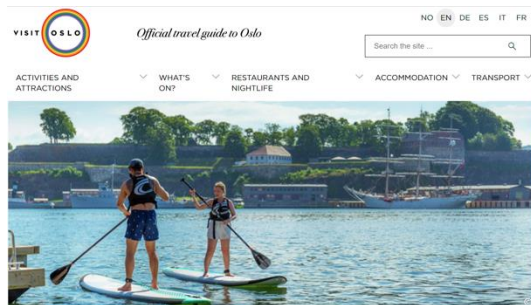

ECCM22 will feature plenary & keynote lectures, oral & poster presentations, an exhibition area for industry partners and sponsors, and an entertaining social program. The organization and program of the event will provide ample opportunities for networking and sharing with colleagues around the world.

Why Scandinavia?

The newest capital of Nordic cool (from Wallstreet journal)

- Multi-cultural and cultural rich city
- Stunning landscapes
- Industrial area
- Rich gastronomy
- Classical museums (Vikings, Resistance)
- Medieval Oslo, Fortress
- Vibrant nightlife
- Green buses, metro, train, e-bikes, scooters
- Innovative architecture

Welcome to Oslo

Your ticket to Oslo

Museums and attractions in Oslo

Explore Oslo's architecture, museums and other attractions.

Restaurants and nightlife

Oslo's countless restaurants and bars offer delicious food and drinks in a relaxed atmosphere.

This is Oslo

Driven by culture

What is built here, is built for the city's inhabitants, whether it's public libraries, city spaces, museums, restaurants or other cultural experiences.

Wrapped in nature

Oslo is surrounded by forests, natural park and by the Oslo Fjord. A trip to Oslo is not just a visit to a city, but also a wonderful touchpoint with unique nature and opportunities to be active.

Committed to the future

Our city administration accounts for climate impact, just as they do for their finances. A young pioneering city where we are convinced that the best is yet to come!

Why Oslo?

- Important Scandinavian hub / Urban, compact and cultural
- Easy to get around, both walking and with public transportation (walkable city)
- Wrapped in nature - the city is surrounded by forest and the Oslofjord
- A city with excellent green credentials (2nd place at the GDS index 2023)
- Safe city
- Perfect bleisure destination
- Good value for money
- Part of Schengen (easy Visa & passport rules)

- OSLO Airport is a Carbon Accredited Airport (ACA)
- Direct routes to 140 international destinations
- Airport express train 19 min to Oslo Central Station
- 28,6 million passengers in 2019
- Quick and efficient check in procedures / One of Europe's most modern airports
- Eco-friendly terminals; snow collected in winter cools the airport in summer
- World leading on contactless & self-service options such as check-in, bag-drop and boarding

Venue: Oslo congress center

BUS
5 minutes

TRAIN
7 minutes

FLY
40 minutes

GREEN INITIATIVES

- Eco-Lighthouse certified.
- Use environmentally responsible suppliers.
- Drinking water from the Oslo municipal water supply after extra filtering in own Pure Water System.
- State of the art zero-emission AC systems.

LOCATION

- 7 minutes walk from Oslo Central Station.
- 6000 hotel rooms within walking distance.
- Close to restaurants, bars, and tourist attractions

A number of events (Gala dinner, Reception party and PhD student event)

- Reception at Kongressenter
- Gala dinner at Oslo Opera House Oslo
- PhD student event at Oslo City Hall

Become a Partner

- Meet and exchange with >1,300 international experts
- Present your latest innovations
- Creating new business opportunities
- Promote your employer brand
- Show your support for the composite materials ecosystem
