

Orientation week for master students at European studies

All events are free. To participate in the events with NTNU you have to register. Registration information will be made available towards the end of July at this link:

<https://www.ntnu.edu/lifeandhousing/trondheim/new-student>

To participate in Eureka's events you also have to register. The bachelor students have a two week programme and we would love to see some master students there as well! Send an e-mail to Emilie Storvik, emiliestorvik@outlook.com (social responsible in Eureka) and she will give you more information and register you. You can join as many or as few events as you want. Most likely will there be more events exclusively for master students with Eureka. We are still not finished with the program so keep yourself updated using our facebook group :)
