

Knut Eriksen

Senior Vice President – Business Development

Knut Eriksen currently serves as Senior Vice President – Business Development. In this role, Knut's efforts are focused on, among other things, developing Oceaneering's strategy as well as developing and maintaining relationships with strategic customers. He is an Executive Officer of Oceaneering.

Previously, Knut was the Senior Vice President – Subsea Products with the responsibility of managing Oceaneering's Umbilical Solutions Group, Intervention Engineering Group and the Deepwater Technical Solutions Group.

Before joining Oceaneering, Knut held several executive positions in the oil and gas industry; on the operator side, the service company side and the contractor side of the business. He held the position of Senior Vice President – Global Execution at NATCO where he managed the company's worldwide portfolio of projects. He spent more than 15 years with Aker and Aker Kvaerner in Norway and the US, holding key positions such as Senior Vice President and head of Aker Kvaerner's Gulf of Mexico Deepwater Business Unit, Senior Vice President and head of Business Development for Aker Kvaerner's Global Field Development Business Area, and President of Aker Engineering, the industry's first deepwater focused engineering company. He also held the position of Vice President of Worldwide Deepwater Development at Unocal Corporation.

Knut graduated as a Sivilingeniør from the Norwegian Institute of Technology (now the Norwegian University of Science and Technology) and received an MSc degree in Civil Engineering from Washington State University. He also completed his MBA in International Management at Thunderbird School of Global Management.

Registered as a Professional Engineer (PE) in Texas and California, Knut is also a European Engineer (EUR ING). He is a member of the Society of Petroleum Engineers (SPE), the American Society of Civil Engineers (ASCE) and the Society of Naval Architects and Marine Engineers (SNAME). He is currently a member of the HSSE Committee of the National Ocean Industries Association (NOIA) and a board member of the Norwegian American Chamber of Commerce, Southwest Chapter.
