

Preliminary program NRSN National neuroscience symposium 29 June - 1 July 2021

Tuesday 29 June

12:00-13:00	Registration and lunch
13:00-13:15	Welcome words: Professor Menno Witter (NRSN Director)
13:15-14:15	<i>Plenary lecture 1:</i> May-Britt Moser (NTNU)
14:15-17:15	Free time
17:15-18:45	Symposium Block – Parallel Sessions 1 and 2
	1) <i>Neural networks involved in cognition and motor behavior</i>
	2) <i>Constructing models that mimic the brain</i>
19:00-20:30	Posters (Session A & B)
20:30	Dinner

Wednesday 30 June

09:00-10:00	<i>Plenary Lecture 2:</i> Vince Calhoun (TRENDS, GSU)
10:15-12:15	<i>PhD education event</i>
12:15-13:00	Lunch
13:00-17:00	Free time
17:00-18:30	Symposium Block – Parallel Sessions 3 and 4
	3) <i>TBA</i>
	4) <i>Probing the healthy and diseased human brain</i>
20:00	Dinner (Banquet)

Thursday 1 July

09:00-10:30	Symposium Block – Parallel Sessions 5 and 6
	5) <i>In vitro models of the human nervous system in health and disease</i>
	6) <i>Mechanisms underlying complex social behaviors</i>
10:45-12:15	Posters (Session C & D)
12:15-13:00	Lunch
13:00-14:30	Symposium Block – Parallel Sessions 7 and 8
	7) <i>The epigenetics of life experiences / How epigenetics forms our brain</i>
	8) <i>Variations in neural networks underlying function</i>
14:45-15:45	Plenary lecture 3: Rui Costa (Columbia University)
15:45-16:00	Closing remarks and farewell
