

Preliminary program NRSN National neuroscience symposium 1-3 February 2021

Monday 1 February

- 12:00-13:00 Registration and lunch
- 13:00-13:15 Welcome words: Professor Menno Witter (NRSN Director)
- 13:15-14:15 *Plenary lecture 1:* May-Britt Moser (NTNU)
- 14:15-17:15 Free time (Ski, social activities, networking)
- 17:15-18:45 Symposium Block – Parallel Sessions 1 and 2
- 1) *Neural networks involved in cognition and motor behavior*
- 2) *Constructing models that mimic the brain*
- 19:00-20:30 Posters (Session A & B)
- 20:30 Dinner

Tuesday 2 February

- 09:00-10:00 *Plenary Lecture 2:* Vince Calhoun (TRENDS, GSU)
- 10:15-12:15 *PhD education event*
- 12:15-13:00 Lunch
- 13:00-17:00 Free time (Ski, social activities, networking)
- 17:00-18:30 Symposium Block – Parallel Sessions 3 and 4
- 3) *TBA*
- 4) *Probing the healthy and diseased human brain*
- 20:00 Dinner (Banquet)

Wednesday 3 February

- 09:00-10:30 Symposium Block – Parallel Sessions 5 and 6
- 5) *In vitro models of the human nervous system in health and disease*
- 6) *Mechanisms underlying complex social behaviors*
- 10:45-12:15 Posters (Session C & D)
- 12:15-13:00 Lunch
- 13:00-14:30 Symposium Block – Parallel Sessions 7 and 8
- 7) *The epigenetics of life experiences / How epigenetics forms our brain*
- 8) *Variations in neural networks underlying function*
- 14:45-15:45 Plenary lecture 3: Rui Costa (Columbia University)
- 15:45-16:00 Closing remarks and farewell
