

How to get from Oslo to Svolvær in Lofoten

The two most practical ways to travel between Oslo and Svolvær are:

1. Fly Oslo – Bodø – Svolvær
This includes a change of aircraft in Bodø. The airplanes between Bodø and Svolvær only take 39 passengers each, so we recommend that you book the tickets soon!
2. Fly Oslo – Harstad/Narvik and take the airport bus to Svolvær
The bus takes 3 h through a scenic landscape. There should be no capacity issues. Tickets may be purchased on the bus or in advance here: <https://www.flybussen.no/en>

Below is an overview of direct flights. The schedule for the buses in June is not available yet, so the times given may change a little.
