Register now for the Nordic NanoLab User Meeting (NNUM 2019)!

The Nordic Nanolab Network hosts its 2019 User Meeting at DTU, Copenhagen, May 7-8.

As a user of NTNU NanoLab, you are cordially invited to both attend and contribute to the meeting. This is a fantastic opportunity to meet and learn from other researchers active in the Nordic cleanroom facilities.

The focus of the user meetings is a practical approach to cleanroom research. We look forward to two days of interesting presentations, technical seminars on selected techniques, presentations of your work at the poster session and a visit to DTU NanoLab.

NorFab and the PhD network on Nanotechnology for Microsystems cover the costs for conference expenses and the conference dinner (value 2.000NOK / participant).

NTNU NanoLab will cover the travel costs for our users, provided that you make use of the accommodation and flights that we schedule. NorFab sponsors double rooms for PhDs and post docs. Please indicate who you would like to share room with, if you have a preference.

We have prebooked 30 places at NNUM 2019 for participants from NTNU, which will be allocated on a first come, first serve basis.

Information regarding NNUM2019 as well as registration will be posted here:
http://www.nnum2019.com

Registration deadline: February 28th 2019 at 17.00

We hope to see you there.
